Annual Candidate Appraisal

Faith Nurture Forum

Candidate Statement

Having familiarised yourself with the layers of formation in the Formation Framework, take time to reflect on the year that has just been and all that it has held for you. Provide a 500 word statement on your ministerial formation, focusing on who you are and not on the tasks and skills you have achieved.

You may like to consider the following things:

- How you are being formed in ministry
- How your relationship with God has changed
- How your sense of call has developed
