

What do you hope for the Church of Scotland?

A Vivid Vision of what could be

Pre-Session Preparation

Take time before the session to prayerfully reflect on the questions below. Your answers to these questions will not be discussed in detail, but they will help to form the backdrop to where our session will begin. You can use the space provided here to take notes if helpful.

As you consider the impact and life of your local congregation and the national Church of Scotland:

- What makes you grieve?
- Where do you wish things were different?
- When did people work hard and care enormously, but still you did not see the outcome you hoped for?
